Welcome

This membership information package is designed to give you basic information about the Edmonton Petroleum Golf & Country Club. Please visit our website, www.epgcc.ab.ca to find out more information, or contact our Membership & Marketing Coordinator or myself with any questions.

Located just minutes from Edmonton's west end, our PGA Professional, Mark McCumber designed 18 hole championship golf course was completed in 1993. The course boasts all the fine features of his designs; immaculate contoured greens and strategically placed bunkers are complimented by water hazards on both the front and back nines. The par 72 layout, measuring over 7000 yards from the back tees offers a variety of challenges through the harmony of its natural beauty and surroundings. woodland Mark McCumber designed the golf course to "offer a true test for golfers of all levels."

A friendly clubhouse provides an elegantly appointed lounge, dining room and patio. You can choose to enjoy the beautiful panoramic view of the 18th hole and the rest of the golf course from any of these three locations. Lockers, showers and change rooms are augmented with a well equipped golf shop. As well as a full grass driving range, there is a teaching academy to go along with the excellent practice facilities.

We have had the honour and privilege of hosting many great tournaments over the years, and were even a tour stop for the Mackenzie Tour in 2018.

You will have the opportunity to join us for our regular league play and tournaments, as well as our terrific social events. The other important people at our Club are the employees. We have a wonderful group of dedicated staff who sincerely want to make your time at the Edmonton Petroleum Golf & Country Club fun and enjoyable.

You will enjoy Edmonton's smallest membershipbased golf course, outstanding food service, the best practice facilities in the area, a professional golf shop with the latest in equipment and fashion, a dedicated grounds crew keeping the course in immaculate condition and members and staff who will make each experience enjoyable for you, your family and your guests.

The Course

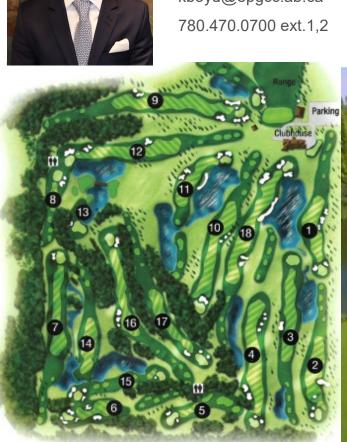

The golfer's golf course. Completed in 1993 by PGA Professional Mark McCumber, this 18 hole championship golf course boasts immaculately contoured greens and strategically placed bunkers. The 7000+ yard, par 72 course offers a variety of challenges through the harmony of its natural beauty and woodland surroundings and offers a true test for golfers of all levels.

- Two Practice
 Putting Greens
- Short Game Area with two Bunkers

Practice Facilities

The drive for new membership will always be at the forefront of the EPGCC, especially in the upcoming years as the golfing market changes. Properly understanding and leading the way into future of the golf industry will assist in separating our club from the others. We have begun the process of becoming visionary thinkers and considered a number of options to increase our impact in the market and differentiate ourselves from our competitors. There should always be a component of our long range planning that improves the marketability our club and addresses the industry gaps.

The completion of our three hole loop will firstly give us the ability to plan and address multiple areas on the golf course within any one year while giving our members a full 18 holes of golf each and every season. This means less disruption to 18 hole golf while we upgrade and maintain our golf course. The ability to complete multiple jobs within any one year while giving our members an 18 hole experience will prove to be extremely cost efficient. Secondly the EPGCC will be the only 21 hole facility offering 3 championship designed practice holes for member use on a daily basis.

One of the largest areas of growth in the past few years within the golf industry has been in the area of practice facilities. More and more golfers are placing a priority on practice facilities when deciding which club to join or where to play. The newer generation of golfer is spending as much time practicing as they are playing as time can often impact the amount in which a member uses the golf course. When time becomes a factor it is just as attractive to come out to the course to practice a little with your spouse or kids as opposed to playing 18 holes of golf. In addition to the three hole loop the EPGCC has completed renovations to the driving range, short game area and large putting green.

Food, Beverage, Events

With a stunning setting, The Edmonton Petroleum G & CC is the perfect place for your special event, from weddings to meetings, anniversaries to private parties. With a dramatic view of the golf course, the clubhouse provides the ideal setting for business and social functions. The Club's expert culinary staff can cater to your event to meet your specific needs, offering guest choices within an outstanding menu.

The Edmonton Petroleum G & CC features areas that can accommodate a range of guests. We offer a variety of catering selections and options depending on your needs and function size. From all-day meetings to large off-season dining, corporate or wedding functions, it is our goal to create the perfect blend of menu, location, and ambiance for your event requirements. With a wide variety of menu options and service styles, our culinary team offers something to please every palate for any occasion.

Amber Anderson, Food & Beverage Manager, brings a background of service expertise and finesse to the Club that mirrors in the experience that members and guests encounter with every one of the service staff. Whether you are organizing a corporate outing for your company, a fundraiser for a worthy cause, or a special event we are here to help.
